Caldari Mining

Strategy (based on the Pioneer Consortium fitting below):

1. Enter the site with all 5 vessels
2. Turn on the resistances and miners on arrival of all 5 vessels
3. Orbit the beacon with the FC at 500m and regroup the team
4. Re-run the miners on the vessels that are no longer jammed

> With max mining-skills, the site can be completed within 6 minutes

NPCs

Name	Info	Dmg to do	Dmg to tank
Blindsider Blackbird Gila Corax Griffin Worm
